Safety Provisions

The Gymnastics Birthday Parties coaches are committed to ensuring that your party will be a success and while it is a fun event, there are some safety rules that need to be followed. We would therefore appreciate your assistance and support to ensure that everyone has a good time.

The coaches are present to ensure that the equipment is safe to use, that guests are using it safely and following the safety rules. Children and supervising adults will receive an orientation to the equipment and be advised of the safety rules prior to being allowed to play.

The gym will be set up by the coaches using equipment that is appropriate for the age of the children attending the party and we request that you take this into consideration when organising your guest list. Please advise the coaches if you have a guest with special needs ie; hearing or vision impaired, physical disabilities or learning difficulties, and advise them of any relevant information relating to their care.

The following will apply:

- To protect the equipment, eating and drinking is restricted to the foyer.
- Children will need to remove their socks, shoes and any jewellery for their safety and the protection of our equipment.
- Children under 3 years of age will not be permitted into the gym unless accompanied and supervised by an adult. Gymnastics Birthday Parties and the coaching staff accepts no responsibility for these children inside the gym. They are permitted to play on equipment at their own risk, under the discretion of their accompanying adult.
- The Gymnastics Birthday Parties coaching staff are there to ensure a safe environment is maintained for all and any instruction must be complied with immediately.
